Power connection cable

Direct-Burial Agricultural and Turf Cable

Power connection cable

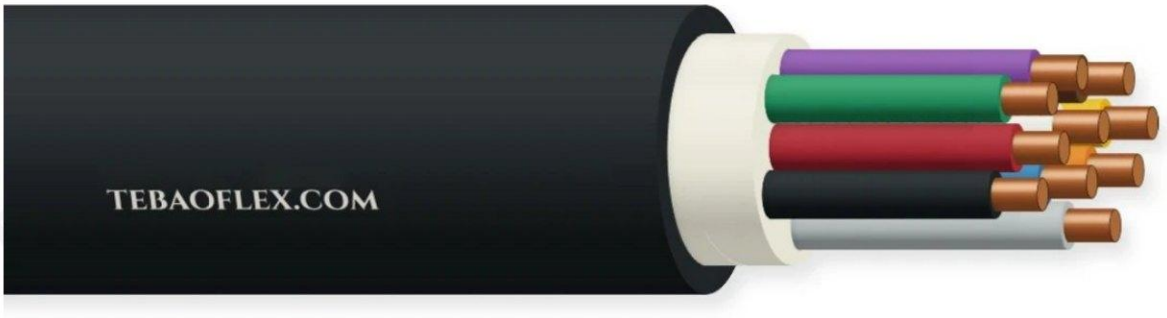

Power connection cable | Order-specific design

Application

Power connection for submerged pumps and water-handling equipment. Select insulation, sheath and cable entry for the actual liquid and installation.

Typical uses: Water and wastewater, Agriculture, Industrial pumping

Construction

Cross-section, not to scale

1	Conductor	Stranded copper
2	Insulation	Polymer insulation
3	Outer sheath	Application-specific polymer

Technical data

Typical values

Service profile	Fixed installation with installation flexing	**Water exposure**	Specify depth, pressure and water chemistry
Chemical compatibility	Verify against the actual fluid and temperature	**Standards**	Order-specific design

Sizes

1 standard constructions

Tick the sizes you need and send this page to info@tebaoflex.com or WhatsApp +86 185 9591 3361.

	Configuration	Rated voltage	Insulation	Outer sheath	Core arrangement
☐	**Direct-Burial Agricultural and Turf Cable**	–	**Polymer insulation**	**Application-specific polymer**	**Power and signal elements**

– This reference row describes a construction, not an orderable size. Provide the required core count and cross-section with the enquiry.

Standards and approvals

Certifications

Management systems: ISO 9001, ISO 14001, ISO 45001
